Miss You Now  
Elliott Brood

Capo 5

Alternate between C and F

Tuesdays and Saturdays Iâ€™d walk you home  
To not be alone  
To not be alone  
Well I donâ€™t know-ow-ow

16 and lost in your ways  
You feel not be saved  
You feel not be saved  
Well I donâ€™t know-ow-ow

Well day by day by day I wanna pick up the phone  
Gotta leave it alone  
Gotta leave it alone  
Cause I miss you now  
I miss you now X4

Well I been missin all your kissin (I miss you now)  
Iâ€™m missin all your missin (I miss you now)  
Why canâ€™t you be with me tonight  
I miss you now X4

[break]

Well day by day by day I wanna pick up the phone  
Gotta leave it alone  
Gotta leave it alone  
Cause I miss you now  
I miss you now  
I miss you now  
I miss youâ€™|

[break]

strumming becomes very staccato then slows down, almost arpeggiated

16 and lost in your ways  
You feel not be saved  
You feel not be saved  
I miss you now X4

Well I been missin all your kissin (I miss you now)

Iâ€™m missin all your missin (I miss you now)  
Why canâ€™t you be with me tonight

I miss you now  
I miss you now  
I miss you now  
I miss you...

Outro  
strumming patterns change throughout

Notes:

Although this song alternates between C and F the strumming changes at different points throughout the song. Listen to the song to learn these rhythms.

This is close to the main riff. It is not exact (the first few notes are correct. Itâ€™s the last few I am unsure about).
