                                         F#
And then he met a girl with hair like the sun
              Fm
With social status she was number one
              Fm
He left it all and he left downtown
              Fm
A little voice follows him around
Chorus:
       C#
And it d say
              Bbm
Get up when they put you down
  C#
           G#
And like a boxer
    Bbm F#
You just spin around
  C# G# Bbm
                           F#
Your kind of guy was so very few
              F#
                             Bbm
I thought they d never get the best of you
