Niagara Falls (Everybody Knows) © Elliott Murphy

-----

Verse:

Received your postcard                   **Bb/G**                   **Eb**                   **F**  
Mailed to the wrong address                   **Bb/G**                   **Eb**                   **F**  
You said everything is happening so fast                   **Bb/G**                   **Eb**                   **F**  
And your hair is mess                   **Bb/G**                   **Eb**                   **F**  
You been drinking too much liquor                   **Bb/G**                   **Eb**                   **F**  
Youâ€™re gonna stick to the wine                   **Bb/G**  
You say thereâ€™s a reason for all of this  
Youâ€™re gonna write me a nice long letter when you got the time                   **Eb**                   **F**                   **Bb/G**                   **Eb**                   **F**

Chorus:

Everybody knows when you take off your clothes                   **Bb/G**                   **F**                   **Dm**                   **Eb**  
Everybody knows you got a tattoo that shows                   **Bb/G**                   **F**                   **Dm**                   **Eb**  
Me and you in barrel going down Niagara Falls                   **Cm**                   **F**

Verse:

Youâ€™ve been stripping in the nightclub                   **Bb/G**                   **Eb**                   **F**  
Working on the street                   **Bb/G**                   **Eb**                   **F**  
Itâ€™s all a sex money mindgame                   **Bb/G**                   **Eb**                   **F**  
Weâ€™re just a piece of meat                   **Bb/G**                   **Eb**                   **F**  
Youâ€™ve been driving into Buffalo                   **Bb/G**                   **Eb**                   **F**  
Cruising the bars                   **Bb/G**  
I said â€œBaby, when theyâ€™re through with you
