The Day After Valentine's Day " Elliott Murphy

Intro : **E** | **A** | **F#m** | **A**

Verse:

E **A**
There were paper roses all down the street
F#m **A**
I crushed em under my feet as I walked on
E **A**
To another life that maybe I wouldn't face alone
F#m **A**
But now I'm on my own - so far gone

Chorus:

D A E
It's the day after Valentine's Day
D A E
There's nothing left that's gonna help me ease the pain
D A E
All my cards are gone but my broken heart remains
D A E (A)
Everything changed the day after Valentine's Day

Verse:

E A
She said if I start kissing you I may never stop
F#m A
But what we got didn't mean that much
E
Except this memory that keeps haunting me
A
And takes me back in time
F#m
Before you left me behind
A
When love was mine

Chorus:

D A E
It's the day after Valentine's Day
D A E
There's nothing left that's gonna help me ease the pain
