The Day After Valentine's Day " Elliott Murphy

Intro : **D** | **G** | **Em** | **G**

Verse:

D **G**
There were paper roses all down the street
Em **G**
I crushed em under my feet as I walked on
D **G**
To another life that maybe I wouldn't face alone
Em **G**
But now I'm on my own - so far gone

Chorus:

C **G** **D**
It's the day after Valentine's Day
C **G** **D**
There's nothing left that's gonna help me ease the pain
C **G** **D**
All my cards are gone but my broken heart remains
C **G** **D** (A)
Everything changed the day after Valentine's Day

Verse:

D **G**
She said if I start kissing you I may never stop
Em **G**
But what we got didn't mean that much
D
Except this memory that keeps haunting me
G
And takes me back in time
Em
Before you left me behind
G
When love was mine

Chorus:

C **G** **D**
It's the day after Valentine's Day
C **G** **D**
There's nothing left that's gonna help me ease the pain
