You Never Know What You're™ In For " Elliott Murphy

Verse:

**C** **G**  
Getting late they were spaced just a trace  
**Am** **F**  
Of the old coming down  
**C** **G**  
Ancient fun one and one he said someday  
**Am** **F**  
We'll leave this town  
**C** **G**  
But magazines glamour scenes in between  
**Am** **F**  
Had him nailed to the ground  
**C** **G**  
And the sounds still waiting to be found

Chorus:

**Am** **Em** **F** **C** **C G Am**  
And we are all junkies, pushers, pimps and hookers  
**Am** **G** **F**  
You never know what you're in for  
**Am** **Em**  
And you can shake it, try to forsake it  
**F** **C** **C G Am**  
You know you're gonna take it

You never know what you're in for

Verse:

**C** **G** **Am**  
By the time he was nine there were signs

of an old melody

**F**  
Was it real or TV
