You Never Know What You're In For " Elliott Murphy

Verse:

B **F#**
Getting late they were spaced just a trace
G#m **E**
Of the old coming down

Ancient fun one and one he said someday

But magazines glamour scenes in between
G#m **E**
Had him nailed to the ground
B **F#**
And the sounds still waiting to be found

Chorus:

G#m **Ebm** **E** **B** **B F# G#m**
And we are all junkies, pushers, pimps and hookers
G#m **F#** **E**
You never know what you're in for
G#m **Ebm**
And you can shake it, try to forsake it
E **B** **B F# G#m**
You know you're gonna take it

You never know what you're in for

Any day " any day
