You Never Know What You're In For " Elliott Murphy

-----  
Verse:

**B** **F#**  
Getting late they were spaced just a trace  
**G#m** **E**  
Of the old coming down  
**B** **F#**  
Ancient fun one and one he said someday  
**G#m** **E**  
We'll leave this town

But magazines glamour scenes in between

Had him nailed to the ground

And the sounds still waiting to be found

**G#m** **Ebm** **E** **B** **B F# G#m**  
And we are all junkies, pushers, pimps and hookers

You never know what you're in for  
**G#m** **Ebm**  
And you can shake it, try to forsake it
