5x(**Am Em**)

I made up my mind and I don't mind saying so

I went to meet you at Central Square

And when I couldn't find you there

I went walking around the city some more

People watching with a cold blank stare

5x(**Am Em**)

And I saw your face in everyone, I swear

Seems I never get your kick quite right

I was walking slow to a dirty dive

I'm so sick and tired trying to change your mind

When it's so easy to disconnect mine

4x(**Am Em**)
