intro/verse: **D A C G**

it s just my sense of smell that made me wind up here where i don t belong  
oh, can t you tell what my intentions are, what i m so stuck on?  
when i m chewing off a hangnail looking for your bike  
and i had to nip a lot of seats, babe, before i knew what yours was like

**Em**

huh, i know it s pretty weird

**C F A**

and i may be too weird for ya

**C F A**

**C F A**

**Em F A/C#**

cause i m amorous

i picked it up from betting on the greyhounds  
all pumped up from chasing something that they ll never catch around  
but it s plain to see i couldn t possibly just be in the neighborhood  
accidentally

and acapulco s gold, so high on my disease,

**Em**

i got a nosebleed living in my head

**C F A**

and i feel like i m gonna get crushed
