

Talking To Mary
Elliott Smith

**** I did NOT do this tab. I m merely sharing it on Ultimate-Guitar for anyone who doesn t know of the website it was taken from, and is looking for the tab. Again, I did NOT tab this song. It was taken from http://www.sweetadeline.net/talking_to_mary.txt. If you re interested in more Elliott Smith tabs, check out <http://www.sweetadeline.net/tabs.html>. Enjoy!****

It almost killed me but here s my attempt at most of the chords and fills. this is all a note higher than the mp3 that I have so I assume Elliott played with his guitar tuned down to D. So bottom line, for the brain dead like me, to play along with the recording you gotta tune all your strings down a step, (two notes right?) That s too much trouble for me.
