```

```
C         G        Am
Take me to the sea
    F         G        C
Itâ€™s where I want to be
            G         Am
Iâ€™m drowning on this land
F       G        C
Take me there my friend
      G         Am
Down under the wave
    F   G        C
Iâ€™m no longer a slave
       G         Dm
So take me to the sea
            G         C
And you will set me free
```

C C7 C Am C
C C7 C G C
C C7 C Am C
C C7 C Em C

Take me to my boat
I have lumps in my throat
The pain ainâ€™t getting through
So take me to the blue

Down under the tide
I wonâ€™t creep; I will glide
In the water I will fly
The ocean is my sky

C C7 C Am C
C C7 C G C
C C7 C Am C
C C7 C Em C

Take me to the deep
Down there I wonâ€™t weep
Down Iâ€™m not afraid
In my silence I shall fade

My hands here are in chains
But the waterâ€™s in my veins

So take me to the sea
And you will set me free.
