

Circle of Life
Elton John

[Intro] A F#m Bm7 E

A Bm7
From the day we arrive on the planet
E A
And blinking, step into the sun
F#m7 Bm7
There s more to be seen than can ever be seen
G E
More to do than can ever be done
A Bm7
Some say eat or be eaten
E A
Some say live and let live
F#m7 Bm7
But all are agreed as they join the stampede
G E
You should never take more than you give
A A4 A
In the circle of life
G G4 G
It s the wheel of fortune
D D4 D
It s the leap of faith
Bm7 E
It s the band of hope
A
Till we find our place
F#m Bm7 C
On the path unwinding
A E D A
In the circle, the circle of life
A Bm7
Some of us fall by the wayside
E A
And some of soar to the stars
A Bm7
And some of us sail through our troubles
G E
And some have to live with the scars
A Bm7
There s far too much to take in here
E A
More to find than can ever be found
A Bm7
But the sun rolling high through the sapphire sky
G E

Keeps great and small on the endless round
