

Dark Diamond  
Elton John

Intro: **Bbm Gb Ab** (OCTAVES: **Ab Ab Bb Db Eb**)

**Bbm Gb**  
Oh, I m a dark diamond  
**Ab Db Fm/C**  
I ve turned hard and cold  
**Bbm Ebm7 Ab** (OCTAVES: **Ab Ab Bb Db Eb**)  
Once was a jewel with fire in my soul  
**Bbm Gb**  
There s two sides of a mirror  
**Ab Db Fm/C**  
One I couldn t break through  
**Bbm Ebm7 Fm**  
Stayed trapped on the inside, wound up losing you  
  
**Db**  
Tell me how does it work  
**Db Db/F Gb**  
How do you make things fit  
**Fm Bbm**  
Spent all my life trying to get it right  
**Ebm7 Ab**  
I ve put it together and it falls apart  
**Db Db Db/F Gb**  
I thought to myself I might understand  
**Fm**  
But when the wall s built  
**Bbm Ebm7**  
And the heart hardens  
**Ab (Db Bbm Ebm7 Ab)\***  
You get a dark diamond  
**(Bbm Gb Ebm7 Ab)\***  
Dark diamond

Oh, I m a dark diamond  
But you re something else  
You read me more than I read myself  
The one star I could count on  
Only comet I could trust  
You burnt through my life to the true meaning of love
