Elton John

INTRO

C# F7 | Bbm F#

VERSE

C# G#7
You had your grand illusion and wrestled with your fate
Ebm/Ab F7
The winter of your discontent came twenty years too late
Bbm Bbm/Bb Eb/A F#6
If it was love and I was there I ve forgotten where it lives
C# G# F#
We both stepped off a frozen rock onto a burning bridge

VERSE

C# G#7
You came like an invasion all bells and whistles blowing
Ebm/Ab F7
Reaping the rewards of the fable you d been sowing
Bbm Bbm/Bb Eb/A F#6
I saw you cross the landing and descending marble stairs
C# G# F#
Like Caesar crossed the Rubicon you seemed to walk on air

C# F7
And yea I ve seen your movie
Bbm Bbm/Bb
And I read it in your book
F# C#
The truth just flew off every page
F7
Your songs have all the hooks
Bbm Bbm/Bb
You re seven wonders rolled in one
Gm7/b5 F#6
You shifted gear to cruise
C# F F#
Oh you came to town in headlines
G#9 C#
And eight hundred dollar shoes

Your being here just melts away like ice cubes in a glass

And I read it in your book
F# C#
The truth just flew off every page

Your songs have all the hooks
Bbm Bbm/Bb
You re seven wonders rolled in one

You shifted gear to cruise

Oh you came to town in headlines

And eight hundred dollar shoes
