**Elton John**

INTRO

**D F#7 | Bm G**

VERSE

**D A7**  
You had your grand illusion and wrestled with your fate  
**Em/Ab F#7**  
The winter of your discontent came twenty years too late  
**Bm Bm/Bb E/A G6**  
If it was love and I was there I ve forgotten where it lives  
**D A G**  
We both stepped off a frozen rock onto a burning bridge

VERSE

**D A7**  
You came like an invasion all bells and whistles blowing  
**Em/Ab F#7**  
Reaping the rewards of the fable you d been sowing  
**Bm Bm/Bb E/A G6**  
I saw you cross the landing and descending marble stairs  
**D A G**  
Like Caesar crossed the Rubicon you seemed to walk on air

**D F#7**  
And yea I ve seen your movie  
**Bm Bm/Bb**  
And I read it in your book  
**G D**  
The truth just flew off every page  
**F#7**  
Your songs have all the hooks  
**Bm Bm/Bb**  
You re seven wonders rolled in one  
**G#m7/b5 G6**  
You shifted gear to cruise

Oh you came to town in headlines
