Subject: Funeral for A Friend by Elton John

I see a TAB posting exists in OLGA for this song, with lyrics and chords
tagged onto it. My version
is a quick and dirty chord/lyric sheet. I see that I hear different
chordings: I throw in a D9 accent, # also Esus4. I find the D-E-f# (lc f
notation for minor chord) progression works well in barres.

You'll make it back somehow.
