

Gulliver
Elton John

Gm

Gm **D/F#** **Eb**
Gulliver s gone to the final command of his master
F **Bb** **Abmaj7**
His watery eyes had washed all the hills with his laughter
Bb **Ab**
And the seasons can change all the light from the grey to the dim
Gm **F**
But the light in his eyes will see no more bright
Eb **D**
As the sheep that he locked in the pen

G **F/G**
There s four feet of ground in front of the barn
C/G **G** **C/G**
That s sun baked and rain soaked and part of the farm
G **F/G**
But now it lies empty so cold and so bare
C/G **G** **Gm**
Gulliver s gone but his memory lies there

By passing the doors of his life was a stage I remember
And in later years he would cease to bare teeth to a stranger
For sentiment touched him as Cyclamen holds him
And later men came from the town
Who said clear the child this won t take a while
And Gulliver s gone with the dawn
