

I Can't Steer My Heart Clear Of You
Elton John

Introdução: **Ab Gb9 Ab Gb9**

Ab **Gb9**
Take me for granted, I think that I could stand it

Db
After all these rough seas

Ab/C
Left me reckless and abandoned

Gb9 **Db**
Say the spirits willing, chance a new beginning

B **B/D#**
Break down the cold front

A
Give me peace and understanding

C#m **G#m**
And you wait, and you wonder

A **E**
Will she still beat the drum and bring the thunder

B **C#m** **C#m/B**
Will she still be the star to see me through

A **Am7** **Am6**
Cause I can't steer my heart clear of you

E **D9**
No I can't steer my heart clear of you

C **G/B** **Am** **Am/G**
It's the way it's been, ever since you sailed

C **B4** **B7**
Out of a storm and into view

Em **Em/D** **C**
And should I drift away, the compass holds the clue

Ab
You control the weather

Bb/D **C**
And I can't steer my heart clear of you

Make me your penance, show me your innocence
Everything is history
From the aching to the pleasure
We enjoy the torture, the slow pain that it taught us
Everything gets twisted
Let me burn or bring me water
