Elton John

I Just Can t Wait To Be King - The Lion King

I m gonna be a mighty king, so enemies beware!

F

I ve never seen a king of beasts

Bb

With quite so little hair

F

I m gonna be the mane event

F

Like no king was before

F

I m brushing up on looking down

Bb

I m working on my roar

C

Thus far a rather uninspiring thing

Bb

C

Oh, I just can t wait to be king!

Bb

C

F

No one saying do this

Bb

No one saying be there

C

No one saying stop that

Gm

No one saying see here

F

Free to run around all day

F

Bb

C

Free to do it all my way!

Bb

C

F

Now when I said that--

What I meant was--

What you don t realize--

Now see here!

That s definitely out--

I think it s time that you and I

F

Arranged a heart-to-heart

F

Kings don t need advice

Bb

From little hornbills for a start

F

If this is where the monarchy is headed Count me out!

F

Out of service, out of Africa

Bb

I wouldn't hang about

F

This child is getting wildly out of wing

Bb

C

Oh, I just can't wait to be king!

Bb

C

F

Everybody look left

Bb

Everybody look right

C

Everywhere you look I m--

Gm

Standing in the spotlight

F

Not yet!

Let every creature go for broke and sing

Bb

C

Let's hear it in the herd and on the wing

Bb

C

It's gonna be King Simba's finest fling

Bb

C

Oh, I just can't wait to be king!

Bb

C

F

Oh, he just can't wait to be king!

Bb

C

F

Oh, I just can't wait...

Bb

C

To be king!
