

**I've Seen The Saucers**

**Elton John**

(Ab Db Ab Db)

(Ab G Ab Db)

(Dm(b5))

**Ebm Ab**

Tune in, wouldn't it be something

**Db C Db Dm(b5)**

Rumours spreading into panic

**Ebm Ab**

I've seen movements in the clearing

**Gb Db Dm(b5)**

Someone sent you something satanic

**Ebm Ab**

I have to leave you, radar's calling

**Db C Db C Db**

Outside somebody landed

**Ebm Ab**

Crazy wavelengths leave you helpless

**Gb Db**

Oh don't forget me I'm so stranded

[CHORUS]

**B Ebm**

I wouldn't fool you but I've seen the saucers

**Abm Gb**

So many times I'm almost in tune

**Absus4 Ab Abm Bb Ebm Gb/Db**

Watching them flying in formation

**B Gb/Bb Ab Gb F**

Thinking how I could be so immune

[SAME AS CHORUS]

I've seen them I've been there with them

I can tell you all you want to know

Something touched me and I was only sleeping

Wouldn't you, wouldn't you like to go

Stars climbing into their planets

Systems won, controlled from birth

Empty living on this highway

Can you see me mother earth

It's so endless whirling onwards

Wonder what's cooking at home tonight

Maybe if I promise not to say a word

They can get me back before the morning light
