Elton John

Intro: F# C# E B

F# C# F# B
Grey London morning, wet London streets
F# C# Ebm B
Rain on the window, wind in the trees
F# C# Ebm B
It s my time to write, it s your time to call
F# C# E B C# E B
There s something about distance that gets to us all

Dark clouds above me, little people below
All walk with a purpose with someplace to go
It s my place to paint my own selfish scene
On this cold lonely canvas, it s just the weather and me

And latitude
B F# C# F#
Fold back the morning and bring on the night
G#m F#
There s an alien moon
G# C#
That hangs between darkness and light
Bb Ebm B F#
Latitude between me and you
Bb Ebm
You re a straight line of distance
B F# C#
A cold stretch of black across blue

Latitude

Cracks in the sidewalks, dogs on the run
An old poster reading Give us your sons
Window frames capture moments in time
But latitude captures the heart and the mind
