

Love Lies Bleeding

Elton John

This is a two part song really, but since I m after the singing bit I m only going to do part two, Love Lies Bleeding.

The fade out from Funeral For A Friend is just two chords repeated...

The introduction to Love Lies Bleeding goes like this...

The **F** and the second **G** only get half a bar each.

(About now Elton does his thing with the piano, and there s a guitar solo
but the chords are the same as for the intro)

[Chorus]

Bm **E**
And love lies bleeding in my hand
F#m **Bm** **E**
Oh it kills me to think of you with another man
F#m **Bm**
I was playing rock and roll and you were just a fan
C#m
But my guitar couldn t hold you
D **Dm**
So I split the baaaa-a-ha-a-nd
F#m **E** **A** **C** **G** (Introduction here)
Love lies bleeding in my hands

There s more singing over the chorus, and then a guitar solo fade with the

chord pattern from the intro.
