Rotten Peaches Chords
Music by Elton John
Lyrics by Bernie Taupin
Key: Dmaj 3/4 time

First Chord: (w/ Slide) **A**
|(tacit) | | **Bm** |
We ve moved on six miles from where we were yesterday
| **C#m7** | | **D** | (**D**, **C#m**) | **Bm**
And yesterday is but a long long ways away
(**Bm**) | **C#m7** | **D** | **D6**
So we ll camp out tonight beneath the bright starlight
| **A** | | **G** | **D** |
And forget rotten peaches and the places we ve stayed

I left from the dockland two years ago now
Made my way over on the S.S. Marie
And I ve always had trouble wherever I ve settled
Rotten peaches are all that I see

CHORUS (2xâ€™s)
| **G** | **A** | **D** | **D** | **Dsus4** **D**
Rotten peaches rotting in the sun
| **G** | **A** | **D** | **Dsus4** **D**
Seems I ve seen that devil fruit since the world begun
A | **A/G#** | **F#m7** | **D** (hold) |
Mercy I m a criminal, Jesus I m the one
| **A** | **G** | **D**
Rotten peaches rotting in the sun

There ain t no green grass in a U.S. state prison
There is no one to hold when you re sick for your wife
And each day out you ll pick, you ll pick rotten peaches
You ll pick rotten peaches for the rest of your life

Oh I ve had me my fill of cocaine and pills
For I lie in the light of the Lord
And my home is ten thousand, ten thousand miles away
And I guess I won t see it no more

CHORUS (2xâ€™s)

A G D
La la la la la la, La la la la la la, La la la la la la
