[Verse]

C Guess there are times when we all need to share a little pain **F**

And ironing out the rough spots
F/C C
Is the hardest part when memories remain

And it s times like these when we all need to hear the radio
G
'Cause from the lips of some old singer
F/C C
We can share the troubles we already know

C
Turn them on, turn them on
F
Turn on those sad songs
G
When all hope is gone

Why don t you tune in and turn them on

They reach into your room ohh ohhh

Just feel their gentle touch

When all hope is gone

Sad songs say so much
