This cruel country has driven me down,

Teased me and lied, teased me and lied,

I ve only sad stories to tell to this town,
A          A7          D

      G                F#m                Em
Once I was bending the ...tops of the trees,
F#m                Em                Em7          A
Kind thoughts in my head, kind voices to hear!
