Any Day Now
Elvis Presley

Intro: **Am   G   Em**

```
    G        Bm
Any day now I will hear you say
    C
Goodbye my love
                 C#dim7
You ll be on your way
         G                B
Then my wild beautiful bird
                Em      C
You will have flown
     G                   Am
Any day now I ll be all alone
         G
Oh, oh, oh

       G   Bm
Any day now, when your restless eyes
      C
Meet someone new
            C#dim7
To my sad surprise
          G                 B              Em      C
Then the blue shadow will fall all over town
     G
Any day now
             Am
Love will let me down
       G
Oh, oh, oh

Em
I know I shouldn t want to keep you
      Bm            C      D
If you don t want to stay, yeah
Em                    Bm
Until you ve gone forever
        Em      Bm          Em
I ll be holding on for dear life
                  C
Holding you this way
C             G
Begging you to stay

    G
Any day now
```

```
Bm
When the clock strikes go
         C
You ll call it off
                        C#dim7
Then my tears will flow
            G                     B                    Em    C
Then the blue shadow will fall all over town
      G
Any day now
                 Am
Love will let me down
          G
Oh, oh, oh

Oh, any day now
Em
Oh, oh, oh
G                    Em
Oh, any day now
                                  G         Em
Don t fly away my beautiful bird
                                  G         Em
Don t fly away my beautiful bird
```
