

Don't Cry Daddy  
Elvis Presley

**D**  
Today I stumbled from my bed  
**F#**  
With thunder crashing in my head  
**G**  
My pillow still wet  
**D C/D**  
From last night tears  
**D**  
And as I think of giving up  
**F#**  
A voice inside my coffee-cup  
**G**  
Kept crying out  
**C A**  
And ringing in my ears

**D**  
Don t cry daddy  
**Em A**  
Daddy, please don t cry  
**G A**  
Daddy, you ve still got me and little Tommy  
**D G**  
Together we ll find a brand new mommy  
**G**  
Daddy, daddy, please laugh again  
**A7**  
Daddy ride us on your back again  
**G F#m Em A7 D**  
Oh, dad-----dy, please don t cry

**D**  
Why are children always first  
**F#**  
To feel the pain and hurt the worst  
**G**  
It s true, but somehow  
**D C/D**  
It just don t seem right  
**D**  
Cause ev ry time I cry I know  
**F#**  
It hurts my little children so  
**G C A**  
I wonder will it be the same tonight

**D**

Don t cry daddy
