

**Holly Leaves And Christmas Trees**  
**Elvis Presley**

**C** **Dm**  
Somewhere in, in the distant night  
**G C**  
I hear Christmas bells  
**Am Dm F**  
The gentle snow keeps falling down on people  
**C**  
Who are homeward bound

**C Dm**  
That s the way it s always been  
**G C**  
The circle never really never ends  
**Am Dm**  
Christmas seems to come and go  
**F C**  
From the place that I don t know  
**G C**  
Holly leaves and Christmas trees  
**G C**  
It s that time of year

**Am Em**  
Lights aglow and mistletoe  
**F G**  
Don t mean a thing when you re not here  
**C Dm**  
As I walk, walk this lonely street  
**G C**  
The sound of snow beneath my feet  
**Am Dm**  
I ll think of how how it used to be  
**G C**  
Holly leaves and Christmas trees  
**G C**  
Use to mean so much to me
