

Inherit The Wind
Elvis Presley

E **F#m**
Baby don?t fall in love with me
B **E**
I?ll only bring you grief
F#m
Baby, don?t set your heart on me
B **E**
I?ll only have to leave
E **A** **E**
Cause the north wind flows through my veins
A **E**
Like my dad there?s a dream in my brain
C#m **F#m**
In the morning I?ll have to leave again
A **E** **D**
That?s how it is when you inherit the wind
E **B**
Inherit the wind

E **F#m**
Daddy, he was a travelling man
B **E**
I hardly knew his face
F#m
Momma, she cried for him at night
B **E**
He never stayed in one place

E **A** **E**
Cause the north wind flows through my veins
A **E**
Like my dad there?s a dream in my brain
C#m **F#m**
In the morning I?ll have to leave again
A **E** **D**
That?s how it is when you inherit the wind
E **B**
Inherit the wind

E **F#m**
Oh I can?t give you the love you need
B **E**
I just won?t be here that long
F#m
But if you still want me here tonight
B **E**

I'll love you till the break of dawn

E **A** **E**
Cause the north wind flows through my veins

A **E**
Like my dad there's a dream in my brain

C#m **F#m**
In the morning I'll have to leave again

A **E** **D**
That's how it is when you inherit the wind
