Be mine tonight  
  Am                  E  
Tomorrow will be too late  
                  B  
It s now or never  
                  E  
My love won t wait

                  E  
When I first saw you  
                          A  
Watch your smile so tender  
                          B  
My heart was captured  
                          E  
My soul surrendered  
                          E

Now that your near

The time is here at last

Just like a willow we would cry an ocean  
If we lost our true love and sweet devotion  
You lips excite me let your arms  
And tight me for who knows  
When will meet again this way
