

**Puppet On A String**  
**Elvis Presley**

**G** **C**  
Every time you look at me  
**D** **G**  
I m as helpless as can be  
**C** **G**  
I become a puppet on a string  
**D** **D7** **G**  
You can do most anything with me

**G** **C**  
All you do is touch my hand  
**D** **G**  
And your wish is my command  
**C** **G**  
I become a puppet on a string  
**D** **D7** **G**  
You can do most anything with me

**C** **D** **G**  
If you really love me  
**C** **D** **G**  
Darling please be kind  
**C** **D** **G**  
I offer you the truest love  
**C** **D**  
That you will ever find

**G** **C**  
Take my heart and please be fair  
**D** **G**  
Handle it with loving care  
**C** **G**  
For I m just a puppet on a string  
**D** **D7** **G**  
You can do most anything with me

If you really love me  
Darling please be kind  
I offer you the truest love  
That you will ever find

Take my heart and please be fair  
Handle it with loving care  
For I m just a puppet on a string  
You can do most anything with me  
You can do most anything with me
