

Surrender

Elvis Presley

Am **Dm**
When we kiss my heart s on fire

Am **Dm**
Burning with a strange desire

Am **E7**
And I know, each time I kiss you

Am **A**
That your heart s on fire too

D **E7**
So, my darling, please surrender

A
All your love so warm and tender

D **E7**
Let me hold you in my arms, dear

A
While the moon shines bright above

D **C#7**
All the stars will tell the story

F#m **D**
Of our love and all its glory

Am **E7**
Let us take this night of magic

Am **A**
And make it a night of love

D **E7**
Won t you please surrender to me

A **Dm**
Your lips, your arms, your heart, dear

Am **E7**
Be mine forever

Am
Be mine tonight
