

Way Down

Elvis Presley

**C**

Babe, you re getting closer  
The lights are goin dim  
The sound of your breathin  
Has made the mood I m in

**F**

All of my resistance  
Is lying on the floor

**C**

You re sending me to places

**G**

**C**

I ve never been before

**G**

Ooh, and I can feel it,  
Feel it, feel it, feel it

**C**

Way down where the music plays

**G**

Way down like a tidal wave  
Way down where the fires blaze

**F**

**C**

**F**

**C**

Way down, down, way, way on down

Ooh, my head is spinnin  
You got me in your spell,  
A hundred magic fingers  
On a whirling carousel

**F**

The medicine within me  
No doctor could prescribe

**C**

Your love is doing something

**G**

**C**

That I just can t describe

**G**

Ooh, and I can feel it,  
Feel it, feel it, feel it

**C**

Way down where the music plays

**G**

Way down like a tidal wave  
Way down where the fires blaze

**F**

**C**

**F**

**C**

Way down, down, way, way on down

Hold me again,

Tight as you can  
I need you so,  
Baby, let s go

**G** **C**  
Way down where it feels so good

**G**  
Way down where I hoped it would  
Way down where I never could

**F C F C**  
Way down, down, way, way on down
