Babe, you re getting closer
The lights are goin dim
The sound of your breathin
Has made the mood I m in

F

All of my resistance
Is lying on the floor

C

You re sending me to places

G

I ve never been before

G

Ooh, and I can feel it,
Feel it, feel it, feel it

C

Way down where the music plays

G

Way down like a tidal wave
Way down where the fires blaze

F C F C

Way down, down, way, way on down

Ooh, my head is spinnin
You got me in your spell,
A hundred magic fingers
On a whirling carousel

F

The medicine within me
No doctor could prescribe

C

Your love is doing something

G

C

That I just can t describe

G

Ooh, and I can feel it,
Feel it, feel it, feel it

C

Way down where the music plays

G

Way down like a tidal wave
Way down where the fires blaze

F C F C

Way down, down, way, way on down

Hold me again,

Tight as you can
I need you so,
Baby, let s go

G **C**
Way down where it feels so good

Way down where I hoped it would
Way down where I never could
