

**You'll Think Of Me**  
**Elvis Presley**

**C** **F**  
I m sorry now girl but I must leave you  
**C** **Am**  
There s something deep inside my soul keeps calling me  
**F** **G7**  
The winter wind girl will not deceive you  
**E7** **Am** **E7**  
And in your cold and empty bed you ll think of me  
**F** **C**  
Oh yes you ll think of me

**F**  
You ll see me coming you ll see me going  
**C** **Am**  
Don t ask me why I m just the kind needs to be free  
**F** **G7**  
Just like that outlaw wind keeps on a blowing  
**E7** **Am** **E7**  
Yeah in your cold and empty bed you ll think of me  
**F** **C**  
Oh yes you ll think of me

**F**  
Now I know you loved me just like I wanted  
**C** **Am**  
I know you d follow me across an angry sea  
**F** **G7**  
But baby I ve got a heart that s haunted  
**E7** **Am** **E7**  
Yeah in your cold and empty bed you ll think of me  
**F** **C**  
Oh yes you ll think of me

**F**  
Ah but you should know girl that I ll be crying  
**C** **Am**  
Out on that lonely road where not a soul can see  
**F** **G7**  
I ll shed my tears for a love that s dying  
**E7** **Am** **E7**  
Yeah in your cold and empty bed you ll think of me  
**F** **C**  
Oh yes you ll think of me

**F**  
The summer sun girl will bring a stranger  
**C** **Am**

And he ll be better to you than I used to be

**F** **G7**

And when he takes you into his arms girl

**E7** **Am** **E7**

Well in your warm and loving bed you won t think of me

**F** **C**

No no you won t think of me

**E7** **Am** **E7**

Then in your warm and loving bed you won t think of me

**F** **C**

No no you won t think of me
