

**Your Love Been A Long Time Coming**  
**Elvis Presley**

**E**  
The first time I saw you I knew I was  
**A**  
Hooked on somebody other than me  
**B7**  
The first time I held you your soft lips and blue eyes  
**E**  
Were as far as my eyes could see

Yes here in my arms I knew I had found  
**A**  
The reason that I m living for  
**B7**  
And I felt the feeling such a wonderful feeling  
**E**  
That I d never felt before

**E** **A**  
Baby you re love s been a long time coming  
**B7** **E**  
Baby your love s got a hold on me  
**A**  
Baby your love s sure got me humming  
**B7** **E**  
Baby your love s been a long time coming

**B7** **A**  
Deep in my heart there s a feeling I never knew  
**B7**  
Until I saw a love that was very new  
**A** **B7**  
I m gonna tell everyone what good love can do

**E** **A**  
Baby you re love s been a long time coming  
**B7** **E**  
Baby your love s got a hold on me  
**A**  
Baby your love s sure got me humming  
**B7** **E**  
Baby your love s been a long time coming
