(Same chords throughout)
Chilling in my sunset laughing till the sunâ€™s out
JJ Price Tag playing at the background
I got a feeling flying through the sky
That everything is gonna be just fine

Give me you heart girl Iâ€™m not gonna let go
Out of the dark Iâ€™m gonna love you retro
My lonely days were countless
You came my way and now

Give me you heart girl Iâ€™m not gonna let go
Out of the dark Iâ€™m gonna love you retro
My lonely days were countless
I saw your face and now

Thereâ€™s no more black and white
For the first time, first time
Open up my eyes
And Iâ€™m not colourblind
And Iâ€™m not colourblind

Give me you heart girl Iâ€™m not gonna let go
Out of the dark Iâ€™m gonna love you retro
My lonely days were countless
You came my way and now
```

Give me you heart girl Iâ€™m not gonna let go
Out of the dark Iâ€™m gonna love you retro
My lonely days were countless
I saw your face and now

Thereâ€™s no more black and white
For the first time, first time
Open up my eyes
And Iâ€™m not colourblind (noâ€¦)
And Iâ€™m not colourblind
And Iâ€™m not colourblind
