And I just keep away for you

You were a song to sing

A way to say I need you more

You need to stay

Am C F

You ll see me again

F

Is it right or wrong?

Am C F

You ll see me again

It s worth, it s worth the wait

I know it won t be long

Am

When it s hard to break, it s hard to take

**Dm**

And the reasons why I never made it through

**Am**

**G**

And I never gave you all the things that I wanted to

**Am**

If I let you go and I walk away

**Dm**

For reasons I will never know

**F**

I break

**G**

You pray

**Am**            **C**            **F**

You ll see me again

**F**

Is it right or wrong?

**Am**            **C**            **F**

You ll see me again

And I feel you in my throat

**G**

Another taste of love

**Dm**                            **Am**

You ll never know, never wait for it

**F**

And now the hand you hold

**G**

Is now the hand that holds you down

**Am**            **C**            **F**            **Em**

You ll see me again, on and on

**F**

We go on and on again

You ll see me again

**G** **Am**

And I will let you in
