

-----  
          **G**                  **D**                          **A**  
Now watch me rise up and leave all the ashes you made out of me

**G**                          **D**                          **A**  
When you said that we were wrong, life goes on, just look how long I ve agreed

**G**                  **D**                          **A**  
Now watch me rise up and leave all the ashes you made out of me

**G**                          **D**                          **A**                  **G**  
When you said that we were wrong, life goes on, just look how long I ve agreed

Verse 2

-----  
**D**                                          **G**  
Out of place, like a gem on a coalface

**Bm**                                          **A**  
Lost on the right way, it s all the same

**D**                                          **G**  
Cause I ve had my hopes raised, riding the wrong waves

**Bm**                                          **A**  
Scared when you feel safe to start again

-----  
Chorus 2

-----  
          **G**                  **D**                          **A**  
Now watch me rise up and leave all the ashes you made out of me

**G**                          **D**                          **A**  
When you said that we were wrong, life goes on, look how wrong I could be

**G**                  **D**                          **A**  
Now watch me rise up and leave all the ashes you made out of me

**G**                          **D**                          **A**  
When you said that we were wrong, life goes on, you blew me away

**G**

Awaaaaaaaaaaaaaaaaaaaaay

**D**

Awaaaaaaaaaaaaaaaaaaaaay

**A**

Awaaaaaaay
