**Am**                    **F**                    **C**                    **C/B**  
Stars are wheeling in the sky, I guard the last of my line  
**Am**                    **F**                    **G**  
Like a sleeping army I will wait  
**Am**                    **F**                    **C**                    **C/B**  
so drum the devils out your dreams and send them all to meet me  
**Am**                    **F**                    **G**  
I will lay me down until you re safe  
**F**                    **D**  
So you ll have nothing to face

Close your eyes and

**C**  
Wish em all,  
**C/B**  
Wish em all,  
**Am**  
Wish em all,  
**Em**                    **F**  
Wish em all away,

**D**  
And everything will change

**Am, F, C, C/B; Am, F, G** x2 (+ harmonica ;)

**Am**                    **F**                    **C**                    **C/B**  
Though the last of your defence would crumble at the first test  
**Am**                    **F**                    **G**  
I will stop it all from happening  
**Am**                    **F**                    **C**                    **C/B**                    **Am**  
Tomorrow you will rise and sing and never want for anything at all  
**F**                    **G**  
I will bring, I will bring.  
**F**                    **D**

so you ll have nothing to face  
Close your eyes and
