Give me something

Give me something

E D A

I can believe in

Come on, give me something

F#m

Please, give me something

E D A

I can believe in

A

I fell in love with fear

Bm

Oh God, forgive me

F#m

Have mercy on me

E D A

Oh it's not easy here

A

And please excuse the mess

Bm

See, I just wanna feel

F#m

Oh, I mean really, really feel

E D A

It all, it all

So give me something

F#m

Oh please God, give me something

E

Give me something

I can believe in

Give me something

F#m

Come on, give me something

E

Give me something

Oh yeah, you got people

D

But people change their minds

F#m

And people change their hearts

E

With the seasons

A

And then the songs

D

They too must end

F#m

So tell me now, my friend

E

Where does that leave us?

A

Give me something

Bm

Come on, give me something

F#m

Oh please God, give me something

E D A

I can believe in

A

Give me something, anything

Bm

Give me something

F#m

Give me something

E D A

I can believe in

Give me something

Bm

Give me something

F#m

I need something

E D A

I can believe in
