

Lonely

Emeli Sandé

[Intro]

E A x2

Hey, hey

[Verse]

E A
Well sometimes I get lonely

E A
And some days you don't know me

B C#m A
And to try explain why I'll be gone by morning

B C#m A
Is like expecting spring to understand the autumn

E B A
So come on, let's stop wasting all our energy

E B A
Let's stop wasting summer on our knees

B C#m A
And don't lie to me, I know you felt the changes

B C#m A
And nothing's new, it's been this blue for ages

E A
So baby, I'm outta here

E A
Baby, I'm outta here

E A
Sometimes I get lonely

E A
And I wish you'd just hold me

B C#m A
And to try explain why some days hurt more than others

B C#m A
Is like asking rain to sing above the thunder

E B A
So come on, let's stop wasting all our energy
