Emeli Sandé

[Intro]

E A x2
Hey, hey

[Verse]

F# **B**
Well sometimes I get lonely
F# **B**
And some days you don t know me
C# **Ebm** **B**
And to try explain why I ll be gone by morning
C# **Ebm** **B**
Is like expecting spring to understand the autumn

F# **C#** **B**
So come on, let s stop wasting all our energy
F# **C#** **B**
Let s stop wasting summer on our knees
C# **Ebm** **B**
And don t lie to me, I know you felt the changes
C# **Ebm** **B**
And nothing s new, it s been this blue for ages
F# **B**
So baby, I m outta here
F# **B**
Baby, I m outta here

F# **B**
Sometimes I get lonely
F# **B**
And I wish you d just hold me
C# **Ebm** **B**
And to try explain why some days hurt more than others
C# **Ebm** **B**
Is like asking rain to sing above the thunder

F# **C#** **B**
So come on, let s stop wasting all our energy
F# **C#** **B**
Let s stop wasting summer on our knees
C# **Ebm** **B**
And don t lie to me, I know you felt the changes

C# **Ebm** **B**
And nothing s new, it s been this blue for ages
F# **B**
So baby, I m outta here
F# **B**
Baby, I m outta here

C# **Ebm** **B**
And don t lie to me, I know you felt the changes
C# **Ebm** **B**
And nothing s new, it s been this blue for ages
F# **B**
Sometimes I get lonely
F# **B**
Some days you don t know me
