

With You  
Emerson Drive

[Intro]

**G D Em Cadd9**

[Verse 1]

**Em D Cadd9**  
Just one chance

**Em D Cadd9**  
To love you again and hold nothing back

**Em D Cadd9**  
Just one time

**Em D Cadd9**  
To say all the words I've kept inside

**Am D**  
Oh, to see you smiling while we're dancing

**Am D (let ring)**  
Look into your eyes

[Chorus]

**G D Em Cadd9**  
I'd give anything anything, anything to kiss your face

**G D Em D Cadd9 (let ring) G D**  
And I'd trade all my forever for one more day with you

**Em Cadd9 (let ring)**  
With you

[Verse 2]

**Em D Cadd9**  
Change rolls in

**Em D Cadd9**  
Like clouds overhead where the sun had been

**Em D Cadd9**  
The reasons why

**Em D Cadd9**

Could never be as simple as black and white

**Am D**

Oh but every moment took for granted

**Am D**

Never leaves my mind

**G D Em Cadd9**

And I d give anything anything to kiss your face

**G D Em D Cadd9**

And I d trade all my forever for one more day with you

**Am D**

Living, breathing, laughing

**Am D**

Feeling you here by my side

**G D Em Cadd9**

I d give anything anything to kiss your face

**G D Em D Cadd9**

And I d trade all my forever for one more day

**Em D Cadd9**

Yeah for one more day

**N.C. G D**

With you

**Em Cadd9**

With you

(Repeat until fade or end on **G**)
