FIX ME by Emery
VERSE:
We ve all got something to say,
                                 D/F#
when we open our mouths we find someone to blame
 We all have demons to face.
                        D/F#
 Situations evolve into something we can t explain
Fill in: Em-C-G-D/F#-
Em
 It s like a thorn in my mind
                                D/F#
Digging deeper and deeper and killing the love that it finds
 The heart s a complex machine
 When it breaks it takes more
          D/F#
 than the doctors and technology to
CHORUS:
 Fix me, can you fix me?
                          Am
 I ve been waiting so long to feel this heartbeat
 Will we ever really believe?
We re just caught in the thought that we deserve to be free
VERSE: same chord pattern
Love s not a gift to repay
With a handful of money, or words we can say
There is no proper remark to be made that can change
or determine who we really are
```

Fix me, can you fix me? I ve been waiting so long to feel this heartbeat Will we ever really believe? We re just caught in the thought that we deserve to be free BRIDGE: Screaming at the top of my lungs Does it make me understand what you ve done? How could I ever question you? How could I ever doubt what you do? Maybe this will tear me apart Am But maybe I ll go back to the start And honestly I can t believe that this is really happening CHORUS: (C-G-D-Am-) Fix me, Jesus, fix me I ve been waiting so long to feel this heartbeat Will we ever really believe? We re just caught in the thought that we deserve to be free

Fix me, Father, fix me

I ve been waiting so long to feel this heartbeat

Will we ever really believe?

We re just caught in the thought that we deserve to be free
