

Studying Politics

Emery

There are already good tabs for this song, but I wanted to add some of the changes in the bridge that were missed.

[Verse 1]

Bm

It s like a pencil with erasers at both ends
I want it all but we re dealing in percents

G

And these activities that you have engaged in
This is the politics of seeing you dance with him

Bm

We began with concluding remarks
Pick up the pieces and examine the parts

G

Your words always cut when they re cliché
But here s my knife because I came for the buffet

[Chorus]

Bm

This is the way it goes
With you a part of it
Nervously saying words
That oh-so-tightly fit

G

A mark beneath the chin (Uh Uh)
I ve caught you once again

Bm

It s in the way you sell every word and phrase
And leaving me to know how much the meaning weighs

G

Saying that but meaning this (Uh Uh)
Using hands for emphasis

Bm

G

(Oh Ho)(Oh Ho)(Oh Ho)(Oh Ho)[repeat]

[Verse 2]

Bm

You d like to think that you re the best part of me

G

But I confess there is nothing left of you here (nothing left of you here)

Bm

These parallels and silly games
Hide your face and say the name

G

Say the name (say the name)

[Chorus]

[Bridge]

Bm D Am

Bm D Am

There s that smile again

Bm D Am

You fake it and I follow you right in

Bm D Am

What a fool I ve been

To fall for it each time

[Chorus 2x]
