Outro -

Em
put on your coat it's time to go. it's time to go.
dancing very close with what i want.
taking every inch to its farthest point.

C
losing precious time is not a choice
when i'm dealing with you.
i heard your voice,

Em
giving up the fight
with arms that bruise,
delicately shading these grays and blues.

C
but i could never stop bleeding for you

Em **Em7**

endless dedication...my gift to you.

Cheers,

Maxi
