Dm **A7**
Accept our hospitality, indulge in abnormality

Dm
Step right up

Bb
We ve something here for everyone s enjoyment

A7
I do this as a gift, not for employment

Dm **A7**
A portrait of insanity, approached with pure humanity

D **A**
Come see our girls, crazy girls

D/F# **D7** **A**
If you re willing to be thrilled, this is a hell of a ride

Em **B5**
Those girls, crazy girls

D **A7** **D7**
They re hot, they re nuts, they re suicidal

D **A**
Tickets cheap, it s a crime

D/F# **D7** **A**
And they re half price after 4 o clock, so toss us a dime

Em **A7** **D**
To see these lovely freaks of nature for a limited time

Em **A7** **D**
Come see the girls, girls, girls

D **E7**
Some of them are really quite attractive as you see

A7 **D**
Some are truly hideous, I m sure that you ll agree

Em **A7** **D**
While others still look rather quite a lot like you and me

E **A7**
But you mustn t let them fool you, just one more rule

D **E7**
You shouldn t look this one too long in the eye

A7 **D**

And that one, let s just keep walking by

Em **A7** **D**
These ain t no ordinary girls, and we ve a steady supply
 Em **A7** **D**
Grab another cup of tea, and follow me

D **A**
To see our girls, crazy girls

D/F# **D7** **A**
If you re willing to be thrilled, this is a hell of a ride

Em **B5**

D **E7**
Now, has anybody any clever questions for your guide

E **A7** **D7**
For a penny more, go on and ask, we have nothing here to hide.

Quiet down! You, sir?

D **E7**
If insanity s primarily a femininish malady,

A7 **D**
And no one s doubting that for it s a scientific fact,

Em **A7** **D**
Then according to the medics, are they faultier genetics?

E **A7**
Are they born with this disease, or is it something they contract?

D **E7**
It s all to do with reproductive organs

A7 **D**
Which are naturally unstable in a dame

Em **A7** **D**
You see, from lunar we have lunacy and lunatic and loony

E **A7**
And they re always ovulating by the cycle of the moony

D
I have a question (shoot!)

E7
Has any patient ever been released

A7 **D**
Would you send her home if her bizarre behavior would decrease?

Em **A7** **D**

For the good of our society, they oughtn t reproduce

E

A7

So while they may pretend propriety, we ll never let them loose

D

Come see the girls, crazy girls

To see these lovely freaks of nature for a limited time

Em

A7

D

Come see the girls, girls, girls

Some are born mad

Some achieve madness

Some have madness thrust upon them

This is the real thing my friends, 100 percent, authentic, mentally-ill

Except no imitations

For a little extra on the side, you can arrange

For a slightly more intimate encounter, wink wink

For a tuppence, just a tuppence, a handful of pills to feed the inmates

We ve got pills for depression, obsession, aggression, possession, indiscretion,

But there s a bloody pill for everything nowadays

A

How big is a lady s brain?

Em

E7

D7

It s really very, very small, a simple thought is quite a strain

Em

This seems just a bit inhumane

E

E7

D7

It s just a simple little shock, it doesn t cause her any pain

D

E7

They re really more like animals than people

A7

D

Which, as we ve proven, haven t any souls at all.

Em

A7

D

The only bits that aren t inferior are bosom and posterior

E

A7

And these are only useful in a seedy music hall

D

E7

They don t bite, well they might

A7

D

I say this one does look hungry tonight

Em A7

So get your picture with an inmate

D

But be sure she s locked up tight

E

They re practically wild sir

A7

Protect your child sir

D E7

They don t recall the taste of freedom

A7 D

They re just happy if we feed them

Em A7

So point and laugh, it isn t bad

D

They oughtn t mind because they re mad!

E A7

If you haven t got a dime, toss us your pearls

You re welcome to enjoy

D A

Our girls, crazy girls

D/F# D7 A

If you re willing to be thrilled, this is a hell of a ride

Em A7 D

Come see the girls, girls, girls

Em A7 D

I ve got a lot more words to say, but I just can t make them rhyme

Em A7 D

So ladies, let this be a lesson to you, keep your hair uncut

Em A7

Your corsets tight, your morals high

D

Your knitting neat, your yappers shut

Em A7

This is what comes of over-educating,

D Em

mentally over-stimulating,
A7
too much serious conversating,
D Em
organized religion-hating,
A7
sinful over-copulating,
D Em
marriage without procreating,
A7
girl-on-girl caught lesbiating,
D Em
she was caught while masturbating,
A7
they all mind manipulating,
D Em
chronically hallucinating,
A7
certainly there s no debating,
D Em
some we just find fascinating,
A7
women s rights facilitating,
D Em
independent thought creating,
A7
she just may be complicating,
D D7
get your money out, we re waiting

To see those

Em
Girls!
A7
Girls!
D
Girls!
