

Juliet

Emilie Autumn

Am **F**
You re in my stars you know
C **G**
Don t need no crystal ball to tell me so
Am **F**
Whispering in the air
C **G**
Hoping that my words find you somewhere
Am **F**
Even when I close my eyes
C **G**
I ll never recreate the time that flies
Am **F**
The consequences hanging there
C **G**
The sky will fall but I don t care

Am **F** **C** **G**
Meet me beneath my balcony and say
Am **F** **C**
No one but you could ever fill my night
G **Am**
Be the sunlight in my every day
F **C** **G**
Underneath my balcony I ll say
Am **F** **C**
No one but you could ever fill my night
G **Am**
Be the sunlight in my every day

Am **F**
Your love is haunting me
C **G**
And all I want is more to set me free
Am **F**
Whispering in the air
C **G**
Hoping that my words find you somewhere
Am **F**
Do you hear me call your name
C **G**
I know we will never be the same
Am **F**
The consequences hanging there
C **G**
The sky will fall but I don t care

Am **F** **C** **G**
Meet me beneath my balcony and say
Am **F** **C**
No one but you could ever fill my night
 G **Am**
Be the sunlight in my every day
 F **C** **G**
Underneath my balcony I ll say
Am **F** **C**
No one but you could ever fill my night
 G **Am**
Be the sunlight in my every day
